

ALIANZA CÍVICA

POR LA JUSTICIA Y LA DEMOCRACIA

Release # 3

Committed to the dialogue for the Democratization of Nicaragua

The members of the Civic Alliance for Justice and Democracy we reiterate that dialogue is the path towards democratization and justice in Nicaragua and that it is important to contribute to a propitious climate to return to the dialogue. Until now, the government has not complied with two basic conditions for dialogue, such as the cessation of repression and the dismantling of the para-police forces.

The Government has tried to block the National Dialogue through a dilatory strategy, criminalizing the protests, and ignoring the deep causes that provoke them.

We reiterate our solidarity with the Nicaraguan people whom continue to express themselves peacefully in defense of their rights. We invite all sectors to join the different peaceful demonstrations of protest. On Wednesday, May 30th, we will join the tribute to the Mothers of April; we will participate in the march that will depart at 2:00 p.m. from the Jean Paul Genie roundabout. This march, like the rest of the departmental expressions, should be a strong demonstration of unity against repression and injustice.

The Civic Alliance for Justice and Democracy, reiterates the trustfulness in the Episcopal Conference of Nicaragua as mediator and witness, and repudiates the threats against its members and the Church in general.

We reaffirm our commitment to join efforts to make more flexible the road blockages, organized by Nicaraguan citizens, as an expression of civic protest, as long as the Government commits to resume the dialogue in a genuine manner about the country's democratization agenda.

The National Dialogue is the path towards democratization and justice, with economic dignity, but with rights. It is also the way to achieve justice for the victims of state repression. We must look after and return to the dialogue, which is the result of a struggle led by the people of Nicaragua that has unfortunately has left and continues to leave the lost of several dozen lives. The Dialogue is the way to reach the Nicaragua we want and in which we must all live.
