

ALIANZA CÍVICA

POR LA JUSTICIA Y LA DEMOCRACIA

Release # 6

Pronouncement on the National Dialogue

The Civic Alliance for Justice and Democracy reaffirms that the National Dialogue is part of the integral fight of the Nicaraguan people and we will continue to peacefully self-convocate in defense of our rights.

It reiterates its full confidence in the Episcopal Conference of Nicaragua as mediator and witness of the National Dialogue. We will continue participating in the National Dialogue for being the civic road towards democratization and justice and achieving the Nicaragua we want and in which we must all live together.

It considers that the Democratization agenda, elaborated with the contributions sent to the Mediation Commission by the parts of this Alliance present in the National Dialogue, points the way to the recovery of democratic institutionalality, the Rule of Law and the respect for Humans Rights that we, all sectors of the Nicaraguan people, claim.

It expresses its willingness to return to the plenary session of the dialogue table as long as the brutal repression against the people by the Ortega Murillo regime ceases immediately and definitively. The protests and civic demonstrations are the exercise of rights guaranteed by our own Political Constitution.

The Alliance expresses its full support to the measures of self-defense adopted by those of us whom participate in civic protests to protect ourselves from the aggressions to which we are subjected off by police, para-police and mobs agreeing with the government, keeping us within the framework of respect to Human Rights and private property.
