## United to Dialogue

Together, representatives of students, the countrymen movement, the civil society and the Nicaraguan private sector, we reiterate our willingness to attend to the National Dialogue, although we agree with the Episcopal Conference of Nicaragua that the circumstances for such dialogue are not ideal.

We demand the immediate cessation of repression, attack and siege by the government through their paramilitary groups against the population and we categorically affirm that we do not accept their blackmail or the intentions that soften our positions.

We reiterate our solidarity with the population and with all the sectors that continue to peacefully express their rights and that are being violently repressed, accumulating the balance of the dead and wounded.

Rest assured that we are going to defend our rights and we exhort to continue in the peaceful fight, until we see the demands of the Nicaraguan people fulfilled.
